# CEDS COMMUNITY INPUT MEETINGS

## LOCAL LEADERSHIP NEEDED

The Arrowhead Regional Development Commission is convening engagement sessions to inform the development of the 2027–2031 Comprehensive Economic Development Strategy (CEDS).

This five-year plan helps guide regional investment priorities and coordination. Your participation will help identify shared priorities, surface systemic barriers, and clarify where regional alignment can strengthen local outcomes.

We hope you will lend your leadership perspective to this important conversation.
Each session is open to the public. Light snacks or refreshments will be provided.
